FIM Event Licence

Dear Madam, Dear Sir,
Dear Members of the FIM Family

Reference is made to our previous communications regarding the new **FIM Event Licence** launched in January 2026.

We would like to encourage National Federations to actively promote this product within their respective communities. In addition to its many benefits, the **FIM Event Licence** includes an enhanced disciplinary measure that was specifically requested by several Federations.

As a reminder, the **FIM Event Licence** is a valuable addition designed to enhance safety and simplify administration for anyone involved in FIM events.

Generally speaking, FIM licences only cover riders, leaving event personnel - such as mechanics, volunteers, support crews, and other stakeholders - without the same level of coverage. The **FIM Event Licence** addresses this gap and strengthens safety measures for all individuals participating in FIM-sanctioned activities, from the paddock to the pit lane.

Why this licence matters:

- **Comprehensive coverage:** extended coverage to all non-rider personnel, i.e. support crew, marshals, service providers, media representatives, and rider's entourage
- **Extensive protection zones:** coverage applies across all event-related areas, including paddocks, pit lanes / service lane box, liaison routes, and also during travel to and between events
- **Flexible options:** available as an annual licence or one-event licence, with optional death and disability insurance
- **Simple, fast and secure subscription:** individuals can quickly and securely obtain the licence via the FIM Extranet.

This initiative reflects our ongoing commitment to supporting Federations and event stakeholders, while promoting safer participation in international competition environments.

The licence is available for purchase on the FIM Extranet.
